- Special Notes

The following is a quote from a personal eulogy given by a past member of the Apex Rotary Club for a deceased member at gravesite. A concept by which we members should all abide.

"For those of us who remain, and especially for our fellow Rotarians, we should always be mindful of this life well lived, a life of service above self, a life in which service to God, service to country and service to family was an unending mantra. Would that we all live such a life!"

Matt. 18:4-5, "Therefore, whoever humbles himself like this child is the greatest in the kingdom of heaven. And whoever welcomes a little child like this in my name welcomes me."

Johnny's Mother looked out the window and noticed him 'playing church' with their cat. He had the cat sitting quietly and he was preaching to it. She smiled and went about her work.

A while later she heard loud meowing and hissing and ran back to the open window to see Johnny baptizing the cat in a tub of water. She called out, 'Johnny, stop that! The cat is afraid of water!'

Johnny looked up at her and said, 'He should have thought about that before he joined my church.'

Special Notes

**Make Ups:** Please remember to submit all make- up notifications to the Club Secretary as soon as you can. They can be submitted two weeks before and/or two weeks after a missed meeting.

**Guests and Visiting Rotarians:** We are always excited about having guests and visiting Rotarians to our weekly meetings. Please share the names of your guests with the Club Secretary each week. We do keep a record of who attends and this information will help with the book keeping.

**Using the Microphone:** Whenever you are speaking to the Club, whether it be as a speaker, making announcements or any other address to the Club, please come forward and use the microphone. Not only are there hearing impaired members, there is the problem with the Restaurant's kitchen fans blasting away so that the tables near the kitchen miss half or more of what you will say. Some of you feel you have loud voices. What you do not know is that when you start off, it's fine but as you go on, your voice gets lower and softer. You don't hear it but we do. Thanks for your cooperation.
